Info

Austin Healey in beautiful color scheme. This car was delivered new in the USA and later came to Belgium where it enjoyed a restoration. During this restoration, the drivability of the car was put first, so a synchronized gearbox with 5 gears from Toyota was chosen. This makes driving this Healey very pleasant and easy. The two-tone paintwork makes this English classic unique and this makes the beautiful bodywork lines stand out even more.

A very nice driver's car that radiates pure class.
