Info

Morgan Plus 4 – timeless icon with modern power

The **Morgan Plus 4** has been one of the most beloved models in the history of the Morgan Motor Company since its introduction in 1950. Founded in 1909 in Malvern (UK), the brand is world-renowned for its hand-built sports cars that combine tradition with pure driving pleasure. The Plus 4 retains the classic lines and craftsmanship that made Morgan famous, while pairing them with modern engine technology and dynamic handling.

This stunning example stands out thanks to its unique configuration and particularly tasteful equipment. With the **ECU GDI Clubsport update**, the engine now delivers **180 hp**, while the **stainless steel sports exhaust** adds to the driving experience with its characterful sound. The rare non-standard metallic **Luna Grey** finish underlines its exclusivity, perfectly complemented by the **stainless steel wire wheels (5x)**.

Inside, you are greeted by a **Bordeaux leather interior with grey piping**, combining style with comfort. The rich specification makes this Morgan a very complete example:

- Extra headrest cushions, badge bar, and sun visors
- Stainless steel light switch + cover, reading lamp, navigation mount
- Bonnet strap with leather corners, Union Jack details, mesh grille
- Front and rear over-riders, wind deflectors, chrome rear-view mirror
- Sports treadplate protectors, Bordeaux mohair hood + side screen covers
- Mota-Lita wooden steering wheel, wooden dashboard, stainless steel details
- Luggage rack with leather straps, storm cover, and brushed aluminium travel case

In summary:

A rare **Morgan Plus 4** that unites tradition and sportiness in a unique way. The combination of **Luna Grey metallic** with a **Bordeaux leather interior**, Clubsport performance, and its extensive list of accessories make this a highly desirable example for the true enthusiast.
