### Info

#### Alpine A110 S 301 hp – Belgian-delivered, first owner, accident-free and fully maintained

For those looking for a true driver's car that combines performance, lightweight agility and striking looks, this **Alpine A110 S** is a particularly appealing example. This car was **originally delivered in Belgium**, comes from its **first owner**, and benefits from a **full service history**. In addition, the paintwork has been protected with a **ceramic coating**, helping preserve its beautiful overall presentation.

Finished in a very elegant and sporty combination of **white paintwork, black wheels** and a **carbon roof**, this A110 S perfectly reflects what Alpine stands for: pure sportiness with refinement. Inside, the same atmosphere continues with a beautifully finished **Alcantara interior**, enhancing the car's focused yet premium character.

The **A110 S** is the sharper and more powerful version within the A110 range, delivering **301 hp** from the well-known 1.8-litre turbo engine. This results in highly impressive performance, but above all in a driving experience that has become increasingly rare today: light, direct, playful and full of feedback. This Alpine feels most at home on twisting roads, where its low weight, finely balanced chassis and precise steering can truly shine. At the same time, it remains refined and comfortable enough to be thoroughly enjoyable on regular roads and longer journeys as well.

Importantly, this car has **never been used on track** and is **accident-free**, making it all the more attractive for anyone seeking a genuine, carefully preserved example.

What makes this Alpine even more appealing is that it offers not only exceptional **driving pleasure** and **sporting performance**, but also surprisingly reasonable ownership costs. **Maintenance, road taxes and insurance** remain relatively low, which sets it apart from many other sports cars in this performance bracket.

An excellent opportunity to acquire a very attractive, honest and highly desirable **Alpine A110 S**: a lightweight, pure sports car with real character, ready to win over its next owner from the very first corner.
